CLEARINGHOUSE RULE 17-030

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated December 2014.]

2. Form, Style and Placement in Administrative Code

In s. Pod 1.06 (2), the acronym “CSPE” is used, but the term does not appear to be defined in ch. Pod 1. A definition should be created in that chapter to define the acronym or the term “Part II CSPE”. [s. 1.01 (8), Manual.]

5. Clarity, Grammar, Punctuation and Use of Plain Language

a. Consider referencing affected rule sections in the first paragraph of the rule summary’s plain language analysis in the same manner as affected rule sections are referenced in the second paragraph of that analysis. Alternatively, the references in the second paragraph could be removed as all affected sections are listed in the introductory clause for the proposed rule.

b. Consider explaining in the rule summary’s plain language analysis the following amendments that are included in s. Pod 1.06 (2): (1) the name change from the “PMLexis” examination to the “Part III” examination; and (2) the addition of the “Part II CSPE” clinical skills patient encounter examination.
